

Speakers and surgeons:

Steven K. Wilson, MD, FACS, FRCS

Former Professor of Urology,
University of Arkansas for Medical Sciences
Editor-In-Chief, Video Journal of Prosthetic Urology
2010 St. Paul's Medal,
British Association of Urologic Surgeons
2013 F. Brantley Scott Award of Excellence
Institute for Urologic Excellence
Indio, California, USA

Tobias S. Köhler, MD, MPH, FACS

Associate Professor of Urology
Department of Urology
Southern Illinois University - School of Medicine
Springfield, Illinois, USA

Prof. Dr. Jürgen E. Gschwend

Chairman and Head of Department
Department of Urology
Klinikum rechts der Isar
Technische Universität München
Munich, Germany

Dr. Georgios Hatzichristodoulou, FEBU, FECSM

Urologist, Medical specialist
Department of Urology
Klinikum rechts der Isar
Technische Universität München
Munich, Germany

The workshop will be supported by:

800,- Euro

General Information:

Organization and scientific guidance:

2nd workshop on surgical therapy of erectile dysfunction and Peyronie's disease

Honorably joined
by special guest lecturer
Prof. Dr. Steven K. Wilson

Monday June 22nd, 2015
Tuesday June 23rd, 2015

Department of Urology

Dear colleagues!

After the great success of the first workshop on surgical therapy of Peyronie's disease and erectile dysfunction in 2014, we are pleased to invite you to the 2nd surgical workshop at the Department of Urology at the University Hospital Klinikum rechts der Isar.

The surgical treatment of erectile dysfunction by implantation of a penile prosthesis remains the gold standard in patients with erectile dysfunction not responding to medical therapy. This allows a highly effective and satisfactory restoration of erectile function in affected patients.

Besides, the gold standard for correction of penile deviation in patients with Peyronie's disease is surgical therapy. There are various surgical techniques available, depending on the symptoms of patients and the extent of penile deviation.

It is our great pleasure to have Prof. Dr. Steven K. Wilson and Dr. Tobias Köhler from the USA at the workshop. Prof. Wilson is the leading prosthetic urologist worldwide having performed more than 11,000 penile implants during 40 years of professional life. Dr. Köhler is one of the most successful prosthetic urologists in the USA and leading scientific chairman in various academic and scientific societies related to sexual medicine.

Our interactive workshop will offer a unique opportunity to experience live surgeries and to learn from well-known high-volume surgeons. You can actively join the operating room and discuss with the surgeons before, during and after the operations regarding specific diseases and surgical techniques.

We are looking forward to welcoming you to Munich in June 2015 for this special workshop.

Sincerely yours,

Prof. Dr.
Jürgen E. Gschwend
Chairman and
Head of Department

Dr. Georgios
Hatzichristodoulou,
FEBU, FECSM
Urologist, Medical specialist

Monday June 22nd, 2015:

Venue:

Department of Urology, Klinikum rechts der Isar,
Technische Universität München, Ismaninger Str. 22,
81675 Munich

8:00 – 8:15 am	Welcome <i>Prof. Dr. Gschwend</i> <i>Dr. Hatzichristodoulou</i>
8:15 – 8:30 am	Introduction of surgical cases for live surgeries “penile prosthesis implantation” <i>Dr. Hatzichristodoulou</i>
8:30 am – 3:00 pm	Two live surgeries with interactive participation of attendees „Surgical therapy of erectile dysfunction by implantation of a 3-piece inflatable penile prosthesis“ <i>Dr. Hatzichristodoulou</i> <i>Prof. Dr. Wilson</i> <i>Dr. Köhler</i>
3:00 – 3:30 pm	Break
3:30 – 4:30 pm	Lecture: Successful implementation of “Centers of Excellence” and what I have learned in over 40 years of professional life in prosthetic urology <i>Prof. Dr. Wilson</i> Lecture: The beginning of prosthetic urology at the University Hospital Klinikum rechts der Isar in Munich – building a competence center <i>Dr. Hatzichristodoulou</i>
4:30 pm	End of first workshop day

Tuesday June 23rd, 2015:

Venue:

Department of Urology, Klinikum rechts der Isar,
Technische Universität München, Ismaninger Str. 22,
81675 Munich

8:15 – 8:30 am	Introduction of surgical cases for live surgeries “penile prosthesis implantation” and “correction of penile deviation in Peyronie’s disease” <i>Dr. Hatzichristodoulou</i>
8:30 am – 3:00 pm	Two live surgeries with interactive participation of attendees „Surgical therapy of erectile dysfunction by implantation of a 3-piece inflatable penile prosthesis“, and “Surgical therapy of Peyronie’s disease by partial plaque excision and grafting of tunica defect” <i>Dr. Hatzichristodoulou</i> <i>Dr. Köhler</i>
3:00 – 3:30 pm	Break
3:30 – 4:30 pm	Lecture: How I started my career in prosthetic urology and became a high-volume implanter: tips for success <i>Dr. Köhler</i> Lecture: Peyronie’s disease: an overview <i>Dr. Hatzichristodoulou</i> Summary and closing remarks <i>Dr. Hatzichristodoulou</i>
4:30 pm	End of workshop
